WALLED GARDENS

For Immediate Release
Contact: Emily Eudall, pr@eastonwalledgardens.co.uk

OPENING WEDNESDAY TO SUNDAY FROM 14TH OCTOBER TO 20TH DECEMBER, 10AM - 4PM FOR CHRISTMAS SHOPPING & GARDENING GIFTS

We are excited to announce the opening of our newly extended shop for Christmas shopping, gardening gifts and homewares.

Uplift the home and garden from corner to corner with eye-catching designs, alfresco inspiration and beautiful decorative additions. We choose products that inspire people to make the most of each day and are good for the environment. For time together relaxing, cooking, entertaining and gardening, we have something for every part of the garden and home.

Homewares & Gardening

Explore our range of beautiful homewares, gifts and stationery. From statement vases and characterful ceramics to aromatic diffusers and timeless handmade jewellery. Discover unique, luxury brands and independent designers such as Sweet William, Chive and land&water. Our extended shop floor now includes a range of good quality gardening accoutrements, including well-known brands Darlac, Nutscene and Sting in the Tail.

Seeds

We are proud to use the finest seed from our garden to create a collection of the best heritage, scented and modern sweet peas. We've taken the best sweet peas available for the UK climate, trialed the seed over several generations and can offer the benefit of all our expertise to make sure our seeds give the best chance of a summer of glorious scented flowers and posies. The Easton Collection is available in fully recyclable tins. Decorated in a pattern designed by Ursula Cholmeley, the tin reflects colours found in arts and crafts motifs of the Edwardian Era when sweet peas were as highly valued at Easton as they are today.

The Courtyard Shop at Easton opens on Wednesday 14th October and will be open, 10am - 4pm, 5 days a week until 20th December.

Whenever you need a special gift or practical present, our ideas are here to help. The Shop at Easton offers small surprises and mood-lifting gifts to make anyone's day.

Please note, only the shop is open, the gardens are now closed for the winter and will re-open in February.
